

8th International Congress
on the Archeology of the Ancient Near East
April 30 – May 4, 2012 University of Warsaw

6. BIOARCHAEOLOGY OF ANCIENT NEAR EAST
Session held from Wednesday, May 2nd through Friday, May 4th
Alphabetic list of accepted lectures:

Lp	Author(s)	Title	Area
1	Chie Akashi	Grazing and Fodder Gathering in Early Bronze Age Syria : Case of Tell Ghanem al-'Ali	MESOPOTAMIA
2	Ekaterina Antipina	Northern Mesopotamia: archaeobiological researches on Tell Hazna-I	MESOPOTAMIA
3	Robin Bendrey	Evolving human-goat relationships in the eastern Fertile Crescent: new evidence from the Early Neolithic site of Sheikh-e Abad, western Iran	IRAN
4	Jeannette Boertien	Hemp and Flax in Iron Age Jordan	JORDAN
5	Marialetizia Carra	Bioarchaeological Analyses in the region of Gaziantep (S-E Turkey)	ANATOLIA
6	Carmen del Cerro	Biological remains at al Madam (Sharjah UAE). Archaeological, archaeobotanical and zooarchaeological studies in Iron Age farming – stockbreeding village	EMIRATES
7	Jerome Cybulski	On-Site Human Osteology in the Theban Necropolis: Results, Problems and Prospects	EGYPT
8	Sarah Elliott	Herbivore dung: Location, Identification and Contents. An integrated approach to the identification of early animal management in the Central Zagros	IRAN
9	Rafal Fetner	Results of Anthropological Research of Human Remains from Old Babylonian Tomb from Bakr Awa, Iraq	MESOPOTAMIA
10	Pascal Flohr	Reconstructing past rainfall and irrigation using plant stable isotopes: (im)possibilities of the method	GENERAL
11	Anna Gręzak	Animal Economy at Tell Masaikh and Terqa in the Middle Euphrates Region in Syria from the Third Millenium B.C. to the Islamic Period	MESOPOTAMIA
12	Jean-Bernard Huchet	Archaeoentomology: a new approach to the reconstruction of some Ancient Near East mortuary practices	GENERAL
13	Vladimir Kufterin	Biosocial adaptation of the ancient population of the South of Central Asia	CENTRAL ASIA
14	Catherine Longford	Agriculture in the Highlands, the economy of Sos Höyük, a Kura-Araxes village	ANATOLIA
15	Kirsi Lorentz	(Re)integrating the biological and the cultural bioarchaeology of a body modification	GENERAL
16	Emmanuele Petiti	Bioarchaeological investigations at a 4th-3rd century BC cemetery at Tayma	SAUDI ARABIA
17	Marta Portillo	Phytoliths and dung spherulites: How can they be used for recognizing early farming activities? Two examples from the Levant	LEVANT
18	Konstantin Pustovoytov	Plant biogenic carbonate at archaeological sites of the Near East and its potential as a paleoenvironmental proxy	GENERAL
19	Robert Sataev	Results of archaeozoological and archaeobotanical researches at the Bronze Age site Gonur-Depe (Turkmenistan)	TURKMENISTAN
20	Linda Scott-Cummings, Chad Yost	Dental Calculus: Evidence of Pre-pottery Neolithic Diet from Nemrik 9, Iraq	MESOPOTAMIA
21	Rula Shafiq	Early Bronze IV. Evidence of Stratified Society – Jericho Case	LEVANT
22	Giovanni Siracusano, Giulio Palumbi	Who'd be happy, let him be so: nothing's sure about tomorrow. Discarded bones in an Early Bronze I elite area at Arslantepe (Malatya, Turkey): remains of banquets?	ANATOLIA

23	Abdel Halim Shiyab	Animal remains from Tall Abu Al-Kharaz	JORDAN
24	Arkadiusz Soltysiak	Topography, subsistence and terrestrial mobility in ancient human populations of Iran and Syria	GENERAL
25	Anna Spyrou	Animal procurement and processing in the Middle Epipaleolithic of Southern Levant: Zooarchaeological and anthropological implications for storage and social organization	LEVANT
26	Anne-Marie Tillier	Diagnosis of skeletal lesions within Levantine Upper Pleistocene populations	LEVANT
27	Jacek Tomczyk	Dental erosion in the Middle Euphrates Valley (Syria)	MESOPOTAMIA
28	Handan Üstündağ	Porotic Hyperostosis and Cribra Orbitalia in Skeletons from Kültepe/Kanesh, Turkey	ANATOLIA
29	Jade Whitlam	Archaeobotany in the "Hilly Flanks": The potential of recent research at Early Neolithic sites in the Central Zagros	IRAN
30	Dirk Wicke, T. Greenfield	If these walls could speak ...: Integration and interpretation of faunal, artefactual and architectural remains from ancient Tushan	ANATOLIA
31	Wiesiek Więckowski	The excavation and analysis of porcupine dens and burrowing on ancient faunal and human remains at Tel Zahara (Israel)	ISRAEL
32	Henryk Witas	DNA of people living in the middle Euphrates valley 2.5-4.5 Kyrns ago	MESOPOTAMIA
